

Mastic 2000A

(High Performance Acrylic Sealant – Mastic)

DESCRIPTION : **Mastic 2000A** Acrylic Flexible Filler is a non-staining, white sealant that resists cracking and gives a smooth finish that requires no sanding. Mastic 2000A Acrylic Flexible Filler is a permanent, flexible sealant for a wide variety of internal applications where low ($\pm 5\%$) movement is anticipated excellent adhesion to most substrates.

USES : Ideal for caulking and sealing: Door and window frames, Skirting boards, Floorboards, Walls, Ceilings, Plasterboard, Adheres to : Concrete, Plastic, Ceramics, Tiles.

SURFACE PREPARATION & APPLICATION: Ensure gaps and cracks to be filled are dry and free of grease, dirt, dust and any loose material. Fill the seam with an ample amount of filler. Can be over-painted approximately one hour after application.

FOR BEST RESULTS: Reseal container for storage and re-use. Store away from extreme heat and cold, joint sizes more than 20mm wide or 10mm deep must be filled with backing rod as a back-up filler. Do not use for below waterline applications, Do not use as a putty, Do not apply when temperature is below 7°C.

TYPICAL PROPERTIES:

Application Temperature	: 7°C to + 40°C
Service temperature	: -10°C to + 80°C
Working time	: 10 to 20 minutes
Complete drying time	: 24 hours
Percentage solids	: 78 % \pm 2%
Specific gravity	: 1.56 \pm 0.05.
Movement joint	: \pm 5%
External resistance	: None

CLEANING : Clean tools with soap and water after use.

SHELF LIFE : 18 months

COLOR : White/Grey

SPECIFICATION : Confirm to ASTM C 733

COVERAGE : All the coverage depends on the nature of depth and width of crack. Given below shows rough coverage of running length in meters of joints filled per Kg. of Mastic 2000A.

JOINT WIDTH (MM)	JOINT DEPTH (MM)	SEALED LENGTH (MTR)
10	5	16
15	7.5	7
20	10	4
25	12.5	2.5
30	15	2

HEALTH & SAFETY:

As with all chemical products, caution should always be exercised. Protective clothing, such as gloves and goggles, should be worn (see packaging for specific instructions) Treat any splashes to the skin or eyes with fresh water immediately. Should any of the products be accidentally swallow, do not induce vomiting, but call for medical assistance immediately?

Ensure the container is available for the medial attendant to examine any relevant instructions and contents details.

Reseal all containers after use and ensure product is stored as instructed on the safety section of the labeling.

CAUTION:

Avoid contact with eyes and skin. Only use in well-ventilated areas. Keep out of reach of children.

NOTE:

All information is given in good faith on the results gained from experience and tests. However, all recommendations or suggestions are made without guarantee since we don't have any control on site conditions and its uses.
